

HUNDRED CHARTS GALORE!

This pack includes:

- ◆ 1–100 Charts
- ◆ 0–99 Charts
- ◆ Bottoms-Up Charts
- ◆ Greater-than-100 Charts
- ◆ Ulam's Spiral Charts
- ◆ Blank Charts
- ◆ Truchet and Parquetry Tiles
- ◆ Game Boards
- ◆ And assorted graph paper for playing with numbers, shapes, and patterns

Let's Play Math:

How Families Can Learn Math Together—and Enjoy It

Transform your child's experience of math!

Even if you struggled with math in school, you can help your children enjoy learning and prepare them for academic success.

Author Denise Gaskins makes it easy with this mixture of math games, low-prep project ideas, and inspiring coffee-chat advice from a veteran mother of five. Filled with stories and illustrations, *Let's Play Math* offers a practical, activity-filled exploration of what it means to learn math as a family.

Drawing on more than thirty years' teaching and homeschooling experience, Gaskins provides helpful tips for parents with kids from preschool to high school, whether your children learn at home or attend a traditional classroom.

Don't let your children suffer from the epidemic of math anxiety. Grab a copy of *Let's Play Math* and start enjoying math today.

The Math You Can Play Series

Math your kids want to do!

You'll love these math games because they give your child a strong foundation for mathematical success.

By playing these games, you strengthen your child's intuitive understanding of numbers and build problem-solving strategies. Mastering a math game can be hard work. But kids do it willingly because it's fun.

Math games prevent math anxiety. Games pump up your child's mental muscle, reduce the fear of failure, and generate a positive attitude toward mathematics.

So what are you waiting for? Clear off a table, grab a deck of cards, and let's play some math.

PLAYFUL FAMILY MATH

A FACEBOOK DISCUSSION GROUP

Want to help your kids learn math and enjoy it? Check out my new Facebook discussion group, where you can ask questions, share articles about learning math, or tell us your favorite math games, books and resources. This is a positive, supportive group for parents and teachers—and grandparents, aunts and uncles, caregivers, or anyone else—interested in talking about math concepts and creative ways to help children learn. Let's make math a playful family adventure!

—Denise Gaskins, author of *Let's Play Math: How Families Can Learn Math Together—and Enjoy It*.
